TAUP Receives Study Leave Deadline Extension

Considering a study leave? REMINDER: the deadline for applying is now January 28!

The current contract expanded the number of available study leaves to almost 100. And although the number of faculty applicants is up from past years, it is still lower than expected. In their December meeting with Provost Lisa, TAUP President Art Hochner and Vice President Joyce Lindorff brought this situation to her attention and requested an extension of the deadline. They were delighted that Provost Lisa was immediately agreeable to this suggestion and made the arrangements and announcement shortly thereafter. TAUP hopes this extended deadline will encourage more colleagues to apply for a semester or academic year in 2008-9, to concentrate on their research, creative and teaching projects.
