## *URGENT Academic Professionals*

---

TAUP has just learned that an academic professional may have been asked to sign a document agreeing to changes in their salary and/or working conditions. We do not know if there are others who have received such a request. Such individual agreements are **NOT ALLOWED** under the TAUP /TEMPLE collective bargaining agreement. Management is required to discuss all changes in salary and/or working conditions with TAUP, the sole bargaining agent for academic professionals in the CBU.

TAUP is willing to listen to any proposals Temple may have concerning your salary and/or working conditions and discuss them with you and with them, however, the contractual relationship between TAUP and Temple must be respected.

Please contact TAUP immediately if you have been asked to sign anything that would change your current salary and/ or working conditions.

Thank you.  
John DiBenedetto  
TAUP Executive Director
